

**FIM Smart Start™ is a limited scope implementation of FIM (Forefront Identity Manager) that is focused on achieving a tactical business issue such as, password management, or user provisioning/de-provisioning in an inexpensively priced packaged solution.**

<b>Description</b>	<p>FIM Smart Start™ is a program allowing customers to <b>rapidly achieve value</b> in their FIM software. The FIM Smart Start™ provides for a complete setup and configuration of ILM with up to two connected systems. This allows customers to rapidly achieve and solve a tactical business problem such as password management, or user provisioning/de-provisioning.</p> <p>Using the FIM Smart Start™ program and the Optimal IdM AIM™ Methodology, we can rapidly deploy FIM to meet these focused business needs. The program is an easy to follow set of steps that guide a client through a deployment of FIM, providing a stable environment on which more functionality can be delivered.</p>
<b>Duration</b>	<p>Typically lasts 6-8 weeks but can be adjusted to suit your needs.</p>
<b>Cost</b>	<p>Please contact us at 813.425.6351, <a href="mailto:sales@optimalidm.com">sales@optimalidm.com</a>, or speak to your local Microsoft representative about this offering. Packages starting from \$40,000.</p>
