

VIS Smart Start™ is a limited scope implementation of Optimal IdM's Virtual Identity Server™ (VIS™). The VIS Smart Start™ is focused on achieving a tactical business issue such as, password management, or application deployment in an inexpensively priced packaged solution.

Description	<p>VIS Smart Start™ is a program allowing customers to rapidly achieve value with the VIS™ software. The VIS Smart Start™ provides for a complete setup and configuration of VIS™, focused on solving a tactical business solution, such as deploying an application to users existing in multiple data stores.</p> <p>Using the VIS Smart Start™ program and the Optimal IdM AIM™ Methodology, we can rapidly deploy VIS™ to meet these focused business needs. The program is an easy to follow set of steps that guide a client through a deployment of VIS™, providing a stable environment on which more functionality can be delivered.</p>
Duration	<p>Typically lasts 4-6 weeks but can be adjusted to suit your needs.</p>
Cost	<p>Please contact us at 813.425.6351, sales@optimalidm.com, or speak to your local Microsoft representative about this offering. Packages starting from \$30,000.</p>
